R. S. BRIDGMAN, Treasurer

Westhampton, Mass., December 31, 1946.

I have examined the accounts of the Treasurer and find them correct, showing disbursements to the amount of forty-six thousand, four hundred ninety-one dollars and sixty cents (\$46,491.60), for which vouchers are on file, and a balance on hand of thirty-one thousand six hundred eighty-seven dollars and fifty cents (\$31,687.50). Due from Ralph S. Bridgman, tax collector, 1946 real

estate tax one thousand forty-seven dollars and eighty-five cents (\$1,047.85), personal property tax three hundred eighty-four dollars and sixty-six cents (\$384.66), and excises one hundred eighty-one dollars and seventy-seven cents (\$189.77).

FREDERICK W. JUDD,
Auditor

REPORT OF THE

REPORT OF THE

School Committee

On December 31, 1946, there were 64 pupils enrolled at the Westhampton Center School, 15 Westhampton pupils at Northampton High School, 8 at Smith's Vocational School, and 1 at Williamsburg High School. They are as follows:

Primary and Grade 1. Vincent Bushey, Norman Delisle, Norma Fisher, Joyce LaValley, Philip LaValley, Ronald Lavigne, Frank Miller, Marion Payson, James Pinard, Donald Williams, Ronald Witherell.

Grade 2. Christine Clapp, Judith Delisle, Margaret Gett, Faith Lucas, John Lucas, Gale Miller, Bernice Warren.

Grade 3. Richard Balisle, Lillian Bass, Elizabeth Clapp, Barbara Delisle, Carol Drew, James Ewing, Jeanette Fisher, Robert Johnson, Richard LaMondy, Eugene Lemery, Louise Loud, William Tracy.

Grade 4. Dorothy Delisle, Howard Drew, Clifford Fisher, Eva Fisher, Mary Payson, Charles Pinard, John Putnam.

Grade 5. Teresa Brassord, Sally Burt, Dorothy Bush-ey, Diamond Delisle, Earl Gett, Arthur Johnson, William LaValley, Jacqueline Lucas, William Sarafin, Gail Witherell.

Grade 6. Betty Balise, John Brassord, Albert LaFrance, Raymond Pinard, Joan Putnam, Mary Sarafin, Ann Tracy, Jeanette Williams, Howard Williams.

Grade 7. Nellie Drew, Peter Larrow, Elizabeth Loud, Raymond LaValley, John Parsons, Carol Williams, Lillian White.

Grade 8. Dolores Balise.

Northampton High School. June Bass, Jewell Bass, Manola Blakesley, Frederick Pinard, Lorraine Warren, Ruth Montague, Rita Witherell, Francis Loud, Elizabeth Norris, Herbert Williams, Sidney Montague, Carol Witherell, Ronald Brassord, Violet Bridgman, Robert Norris.

Smith's School. Kenneth Drew, Raymond Sarafin, Walter Sarafin, Raymond Williams, Jr., Clyde White, Shirley Bass, Barbara Luca, Donald Delisle.

Williamsburg High School. Mary Dodge.

The School Committee is glad to report that the lighting system at the schoolhouse is vastly improved. Through the cooperation of Mr. Clifton Ewing and Mr. John Putnam, four large fluorescent fixtures were installed in each of the three classrooms. A vote of thanks from the committee and from the townspeople is due both Mr. Ewing and Mr. Putnam for obtaining and installing these lights. They gave their time and services gladly and without remuneration.

Other repairs made at the schoolhouse were, painting in the halls and toilets, refinishing the tops of the desks, and a general thorough cleaning during the summer vacation. Since we were unable to hire painters, the painting of the classrooms and exterior painting planned for this year, has had to be postponed, and must come out of next year's budget.

In May, and again in November, we held "Visitors' Night" at the school. Both times, the response from parents and friends was gratifying, and we feel that such sessions are worthwhile. May we take this opportunity to thank the teachers, and bus drivers, for their cooperation, and the Mother's Club for providing the refreshments each time.

One drinking fountain for over 65 pupils caused much crowding at recesses, and, after considerable search, we were able to locate another bubbler, and have it installed this December.

We were sorry to receive Dr. Manwell's resignation in June, and Mrs. Gregory's in December. They have been faithful in promoting the health program of our children, and we are grateful to them for all the time and patience they have spent in our behalf. Dr. Herman Felsen has been appointed school physician, and Mrs. Ellis Hover school nurse. We feel fortunate indeed in obtaining their services.

The School Committee owes much to our Superintendent, Mr. Dexter, who has given us valuable assistance this year. We appreciate that, for a very small share of the general expense, we receive a great deal of expert leadership.

Again we want to thank all of you who have co-operated with us so wholeheartedly this year, and we ask your help in making our schools better than ever next year.

EDWARD A. MONTAGUE

STANLEY W. BARTLETT

EVELYN B. TRACY

REPORT OF THE

Superintendent of Schools

To the School Committee and Citizens of the Town of Westhampton:

I am pleased to submit this, my second annual report of the Public Schools of Westhampton. This is the fifty-sixth in the series.

We have completed another year without any changes on the faculty, hence there have been no interruptions in the school work caused by teachers leaving the system and new ones coming in. The teacher turnover is great in many schools, and few schools exist that have not had to replace some teachers.

Graduates of Center School continue to do well in high and vocational schools. This is a test of the teaching of the fundamentals in the "grades."

The physical education supervision initiated last year has been continued, and the children seem to be a little more conscious of better posture.

Writing supervision, under the Rhinehart Functional Handwriting System, has been continued, and we are proud of the penmanship shown by some students and the improvement in handwriting shown by others.

We are fortunate in having a music supervisor who lives in town and is on call at all times. The musical performances witnessed at the graduation exercises in June, and at the Christmas exercises, are typical of the work done by Mrs. Clapp. A detailed report of music will be found in her report.

The monthly visits of Miss Beitzel, the teacher of nature study under the Audubon Society, are enjoyed

by those in the class. The study of nature and conservation does much to enrich the science program of the school.

The high light of the year has been the installation of new fluorescent lights in all classrooms. We now not only have the most up-to-date type of lighting in our school, but each child receives on his own printed page the proper amount of illumination. This correct illumination has been carefully and scientifically worked out by Mr. Clifton Ewing and Mr. John Putnam, and we owe these two engineers a debt of gratitude for their time and energy. An improvement in work should be a noticeable result from having good illumination, and the decrease in eyestrain may keep our pupils from having impaired eyesight at a later date.

During the summer of 1946 Dr. Claire Manwell resigned as school physician. Dr. Herman Felsen of Easthampton was appointed to that post, and regular health examinations have gone on as usual.

On December 10 the members of the Westhampton School Committee were hosts to the school committees of Southampton and Easthampton. Mr. J. Vey Merrill of Westfield Teachers' College spoke on Traditional vs. Modern Education. A very pleasant and instructive meeting was enjoyed by all, and as far as can be learned this was the first purely educational meeting that has ever been held in the school union. The spirit of cooperation and the interest in education by all committees in our union is something to be proud of.

One function of the superintendent of schools is to keep the members of his community informed as to the school program. The annual report, the newspaper, and public performances are some ways to inform parents. The special open-house that was held during National Education Week in November was a success in that many parents and friends visited school to see what the school

program consisted of. We want parents to visit school more often than at open-house and at graduation time. The teacher's work isn't always easy, and many times a little understanding between parent and teacher will do much to help a child with his problem in school.

During my second year I have become better acquainted with the parents of our children and the people of Westhampton. I again invite suggestions and criticisms because we are all working for one thing: the best education for the children of Westhampton.

May I thank the teachers, school committee, and all other workers in the school department for their support during the past year. We appreciate the help of all the other town departments and individuals who have given us their service and ask that it be continued for another year.

Respectfully submitted,

WILLIAM A. DEXTER

Superintendent of Schools

REPORT OF THE

School Nurse

To William A. Dexter, Superintendent of Schools:

May I present to you my third and final report on the health activities of the Westhampton School.

In February of 1946, the children were weighed and measured and the parents were notified of the gains or in a few cases of losses. Dr. Manwell came in and checked all those who had come to school in late fall and those needing special attention.

During the spring we had very few children out of school with colds, etc. Three cases of scarlet fever developed but with only two families affected and quickly quarantined more cases were prevented.

In late May, Dr. Manwell gave the Patch test for tuberculosis to twenty of the upper grade pupils especially those who had shown no weight gains or were listless but no positive results were obtained. The children were again weighed and measured and the school closed in early June with the children in a very good physical condition.

Westhampton was allowed to send three children to Camp Hodgkins in Leeds. Norman Cotnoir of Loudville and Alfred Fisher were chosen as the boys but Alfred did not go because of the family moving. Norman gained quite a few pounds and has shown great improvement both while at camp and since. Mary Payson was the girl chosen to represent us. Mary made a substantial gain in weight and had a very lovely vacation.

In September, Dr. Herman Felsen started his round as School Physician. Physicals were given with very

few defects found. The children were weighed and measured. The Audiometer tests were given to all the pupils with the machine so kindly loaned to us by the Northampton Chapter of the American Red Cross. No child showed any signs of deafness. The eye tests were also done, with those few needing corrective measures notified. The eye machine is loaned to us through the Conn. Valley Public Health Assoc. with offices in Greenfield.

In November, Dr. Glade P. Hall of Florence examined the children for dental defects. While there were quite a few defects found in the school as a whole, a greater number were free of any defect and many had only one or two small defects. The work was finished the last day of school, with a little over a hundred operations performed, including quite a large number of cleanings, showing that parents need to check up more closely on that angle of their children's care.

I am very glad to be able to turn over the School nursing job to a nurse in your own community who will be able to do so much more for the children being in direct contact with them at all times, while I had just occasional contacts with them.

Respectfully submitted,

JEANETTE P. GREGORY

School Nurse

REPORT OF THE

Physical Education Program

To William A. Dexter, Superintendent of Schools

This past year I have visited the Westhampton School twice a month carrying on a physical education program. This program has three main objectives as follows:— (1) posture correction and improvement, (2) general neuro-muscular development, (3) emotional development toward successful group behavior by means of games and other play activities.

The time spent in this program should not be confused with relaxation or recess periods, for the physical education period is a time when activities are taught and practiced. To be sure, this period is not directly associated with the technical classroom subject matter, but there are many opportunities for associating it with almost every phase of the school curriculum both in the classroom and on the playground.

During the year the children have responded well to this type of program, not only showing improvement but also a liking for it. The teachers have cooperated in every way possible to make these physical education periods a success.

EDNA H. GRAHAM

REPORT OF THE

Supervisor of Music

As music supervisor of the Westhampton Center School I have taught twice a month for forty-five minutes in each school room. During the school year of 1946 we planned the music for Memorial Day, produced a cut version of "The H.M.S. Pinafore" with the graduating class, and put on a Christmas play including the whole school.

May I express my appreciation to the teachers of the school for the help and cooperation they have given me in my work. This year it is my hope that an increased knowledge of the fundamentals of reading music may provide the incentive and understanding we need to produce better music and greater enjoyment of it on the part of the children.

REPORT OF THE

Well Child Clinic

To Mr. William M. Fiske, Board of Health Agent,
Westhampton:

The Well Child Clinic was held on Monday, June 17th at the Church Parlors. The professional staff consisted of: Dr. Claire C. Manwell, examining physician, Miss Mary E. Lewis, R. N. Registrar from the State Department of Public Health, Mrs. Gertrude Horst, nutritionist from the State Department of Public Health, and Mrs. Jeannette Gregory, school nurse as assistant. The volunteer staff from the Westhampton Mothers Club, who so ably help in so many ways to make this clinic a success were: Mrs. Louise Parsons, Chairman, Mrs. John Putnam, Mrs. Howard Loud, and Mrs. James Hickey.

Of the twenty eight (28) children examined, ten (10) were new and eighteen (18) were old cases and five (5) were entering school. Physical defects found were: Posture—1, Ear, nose, glands—13, Skin—3, Hernia—1, Chest—1, Feet—4, Teeth—7, Sleep habits—1, or a total of 31 defects found. Nutritional defects found were: Needed more protein in their diet—3, more vegetables and fruit—3, more cod-liver oil—7, more milk—4, too much sweets—4, or a total of 21 defects found.

We were very privileged to have Mrs. Gertrude Horst, the State Department Nutritionist, with us at this clinic as she is considered one of the very best in her field, and I feel sure that many mothers got a lot of her advice to them.

Wishing the clinic continued success and a greater field of service.

Respectfully submitted,

JEANNETTE P. GREGORY

School Nurse
